

LESSON PLAN

For the week of: January 5-9, 2015 **Teacher:** Mrs. Collins **Subject:** Algebra 1 **Grade:** 8

	Monday	Tuesday	Wednesday	Thursday	Friday
Content Standard	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.
Biblical Integration	<p>The steadfast love of the LORD never ceases; his mercies never come to an end; they are new every morning; great is your faithfulness. Lamentations 3:22</p> <p>How does this verse apply to MATH??</p>				
Bellwork	Puzzle	Puzzle	Puzzle	Puzzle	Puzzle
Instructional Strategies	Students will learn to solve systems of equations using substitution.	Students will learn to solve systems of equations using elimination (+ and -).	Students will learn to solve systems of equations using elimination (x).	Students will learn to apply systems of equations using any method.	Quiz Lessons 6.1-6.4
Homework	pg 347 8 – 22 even	pg 354 7 – 21 odd	No HW	pg 367 1-4 ALL , 6-11 ALL , 13 HW grade due Fri	Quiz Lessons 6.1-6.4 pg 381 43-48 ALL
