

LESSON PLAN

For the week of: January 12-16, 2015 **Teacher:** Mrs. Collins **Subject:** Algebra 1 **Grade:** 8

	Monday	Tuesday	Wednesday	Thursday	Friday
Content Standard	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.	1.04b Solve linear equalities and inequalities involving systems of linear equations. 4.04 Use systems of linear equations and inequalities to model and solve problems.
Biblical Integration					
Bellwork	Puzzle	Puzzle	Puzzle	Puzzle	Puzzle
Instructional Strategies	Students will review Lessons 6.1-6.5.	Students will review Lessons 6.1-6.5.	Students will review Lessons 6.1-6.5.	Students will review Lessons 6.1-6.5.	Students will take a test on Chapter 6 (6.1-6.5)
Homework	pg 381 41-48 ALL	Study Guide for Chapter 6 Test HW grade due Wed.	No HW	Study for Chapter 6 Test (6.1-6.5)	No HW Chapter 6 Test (6.1-6.5)
