

LESSON PLAN

For the week of: February 16-20, 2015 **Teacher:** Mrs. Collins **Subject:** Pre-Algebra **Grade:** 7th/8th

	Monday	Tuesday	Wednesday	Thursday	Friday
Content Standard	5.01a, b, c, d Develop an understanding of functions. 5.02 a, b, c Write an equation of a linear relationship. 5.05 Use systems of linear equations to solve problems.	5.01a, b, c, d Develop an understanding of functions. 5.02 a, b, c Write an equation of a linear relationship. 5.05 Use systems of linear equations to solve problems.	Chapter 8 Test	1.02e Manipulate and reduce expressions involving integer exponents using exponential laws.	1.02e Manipulate and reduce expressions involving integer exponents using exponential laws.
Biblical Integration	2 Corinthians 4:7-12 We are hard-pressed on every side, yet not crushed.				
Bellwork	Puzzle	Puzzle	No Puzzle	Puzzle	Puzzle
Instructional Strategies	Students will review for the Chapter 8 unit test on Wednesday.	Students will review for the Chapter 8 unit test on Wednesday.	Students will display their retention of the material from Chapter 8 by taking a TEST .	Students will learn how to write expressions using exponents and how to evaluate expressions containing exponents.	The student will learn how to write prime factorizations of composite numbers and how to factor monomials.
Homework	Study Guide Review	STUDY FOR THE TEST	Chapter 8 Test No HW	pp. 483-484 #12 – 22 even, 26 – 36 even, 38-52 even HW grade for Friday	p. 488 #8-32 even
